

I would like to thank everyone who helped and guided me through my Senior Project. First and foremost, I must thank Allah (SWT), for without His will and guidance, no step in this process would have been achievable. My mentor, Mrs. Angela Johnson, who helped with my research, writing, and product, and also gave me lots of advice. Sr. Fayzeh Maddani, who graciously took the time to help me with finding my mentor, choosing a topic and product, and giving me tips on how to make my project better. Mrs. Evelyn Sebik, who always made time to talk with me about my project, answer my questions, and generously gave me extensions for my assignments when needed. Lastly, my family for all their love, support, and constant proofreading. God blessed me with so many helpful people, without whom my project would not have been as successful as it is.
